

# STAY THE SAME

JOEY MCINTYRE

\* Don't you ever (            )  
You were someone (            )  
You (            ) meant to be  
The way you are (            )  
Don't you ever say  
You don't (            ) the way you are  
When you (            ) to love yourself  
You're better (            ) by far  
And I hope you always (            ) the same  
'Cause there's nothing 'bout you I (            ) change

I think that you (            ) be  
(            ) you wanted to be  
If (            ) could realize

All the ( ) you have inside  
Don't be ( ) if you got something to say  
Just ( ) your heart, and let it show you the way

\*

Believe in ( )  
( ) down inside  
The love you find will ( ) you free  
( ) in yourself  
You will come ( )  
Have ( ) in what you do  
You'll make it ( )
