

Super goal 2 / Unit 2 Review (What Are They Making?)

Reading Comprehension

E-learning is easy and fun for all students! With computers and tablets, we can learn new things online. Many videos on the web help us understand our lessons better. Sometimes, we enjoy chatting online with our friends about what we are learning. We can find cool videos of people playing video games and talk about them! In our virtual classrooms, we can share ideas and communicate with our teachers and classmates just like we do in regular classrooms. E-learning makes it exciting for students to explore and discover new knowledge.
