

# THEN AND NOW

Two friends, Sofia and Diego, are talking about the things they did when they were younger and comparing them with their current habits. Read the conversation and choose the correct answer to complete the ideas. You have to use "Used to" in affirmative, negative or interrogative form.

**Sofia:** Hey, Diego! I was looking at some old photos yesterday. We were so different when we were little!

**Diego:** I know! When I was younger, I 1 \_\_\_\_\_ play soccer every afternoon after school.

**Sofia:** Really? 2 \_\_\_\_\_ you \_\_\_\_\_ play soccer with your neighbors?

**Diego:** Yes, I did. We played in the street until it got dark. But now I usually play video games or go to the gym.

**Sofia:** That's funny! I 3 \_\_\_\_\_ watch cartoons every morning before going to school.

**Diego:** Me too! But I 4 \_\_\_\_\_ have a smartphone when I was a kid.

**Sofia:** Neither did I. 5 \_\_\_\_\_ you \_\_\_\_\_ watch YouTube on your parents' phone?

**Diego:** No, I didn't. I 6 \_\_\_\_\_ watch TV. Now I spend a lot of time watching videos on my phone.

**Sofia:** My habits have changed too. I 7 \_\_\_\_\_ do my homework right after school, but now I usually do it at night.

**Diego:** Same here. And I 8 \_\_\_\_\_ stay up late. I went to bed at about nine o'clock.

**Sofia:** Wow! Now I usually go to bed around eleven.

**Diego:** Me too. 9 \_\_\_\_\_ you \_\_\_\_\_ eat lunch with your family?

**Sofia:** Yes, I did. We always ate together. Now I sometimes eat while I'm doing homework or watching videos.

**Diego:** And what about weekends? 10 \_\_\_\_\_ you \_\_\_\_\_ visit your grandparents?

**Sofia:** Yes! I 11 \_\_\_\_\_ visit my grandparents almost every weekend. Now I usually meet my friends or stay at home.

**Diego:** Things have really changed. When we were younger, we 12 \_\_\_\_\_ spend so much time online.

**Sofia:** That's true. But I think some things are still the same.

**Diego:** Like what?

**Sofia:** I used to hang out with my best friends after school, and I still hang out with them now!
