WRITTEN TEST (100 points)

A) READ AND ANSWER. (25 POINTS; 5 POINTS EACH)

A white lie is a lie people tell to avoid hurting other people's feelings. For example: your girlfriend asks your opinion about her outfit. She looks awful, but you simply give her a kiss and say that she is beautiful because you don't want to make her sad. Some people say this is a harmless lie and you should do that just to avoid turning the situation into a big disaster. Other people are totally against the idea of lying. They believe we should always be honest no matter the situation because in the end, a lie is always a lie. They don't believe in harmless lies. Who is right? Nobody knows. I think that in this case you should trust yourself and do what feels right for you.

1. What is a white lie?

2. Mention one thing people that are against lies believe in.

3. Mark (T) true, (F) false or (NM) not mentioned.

a) () Everybody agrees that white lies are necessary.

b) () If the guy in the example tells his girlfriend the truth, she lashes out at him.

c) () When people tell white lies, they believe they are avoiding problems.
