

Our Plans for the Future

Next month, the students of San Martín School are going to have a special English Day. The students are going to prepare different activities for the celebration.

Lucía is going to present a short speech in English. Her friend Diego is going to prepare a poster about healthy habits. Ana and Carlos are going to organize some English games for the younger students.

However, some students aren't going to participate in the activities. José isn't going to present a speech because he is going to help his parents at home. María isn't going to play the English games because she is going to practice for a music competition.

The teachers think the English Day is going to be a great experience for everyone. The students are excited because they are going to learn English and have fun together.

1. When is the English Day going to take place?

2. What is Lucía going to do?

3. What are Ana and Carlos going to organize?

4. Why isn't José going to participate in the English Day activities?

5. What can we infer about the students' attitude toward the English Day?
