My Independence Day Experience

Last August, Galang, Monita, Andre, Pipit, and I celebrated Independence Day at school. We joined the flag ceremony in the morning and sang "Indonesia Raya" together. After the ceremony, Galang joined the sack race, while Monita participated in the cracker-eating competition. Andre and Pipit joined the tug-of-war.

During the sack race, Galang fell near the finish line, but he continued the race. Monita encouraged him to finish. Later, Andre and Pipit's team won the tug-of-war competition. We were tired but happy because we had fun, supported each other, and celebrated Independence Day together.
