The Hajj

Hajj is the annual Islamic pilgrimage to Makkah, Saudi Arabia. It is the fifth pillar of Islam. Every Muslim who is physically and financially able must perform Hajj at least once in their lifetime.

Hajj takes place during Dhul-Hijjah, the last month of the Islamic calendar. Millions of Muslims from all over the world travel to Makkah to take part in this pilgrimage every year.

There are several main rituals in Hajj. Pilgrims wear special white clothes called ihram, which show equality among all Muslims. They walk around the Ka'bah seven times; this is called tawaf. Pilgrims also walk between the hills of Safa and Marwah, an activity known as sa'i. In addition, they gather at the plain of Arafat for prayer and reflection, and they throw stones at pillars in Mina, a ritual called jamrah.

Hajj teaches many important values. It shows equality, because all pilgrims wear the same simple clothes regardless of wealth or status. It also teaches patience and unity, since Muslims from different countries and cultures perform the same rituals together.

In conclusion, Hajj is not just a journey to Makkah. It is a pillar of Islam that teaches equality, patience, and unity among Muslims worldwide.

C. GRAMMAR REVIEW

Report text selalu pakai Simple Present Tense karena membahas fakta umum yang selalu benar (bukan cerita satu kejadian).

Rumus: is/am/are atau kata kerja +s/es

Contoh: "Hajj is the fifth pillar of Islam." / "Pilgrims wear special white clothes."

Perhatikan: kata benda umum (general noun) sering dipakai tanpa 'a/an/the' di depannya kalau membahas hal secara umum.

Contoh: "Pilgrims wear ihram." (bukan "a pilgrims")

Beda dengan Descriptive Text: Descriptive membahas SATU objek spesifik (boleh pakai past tense untuk sejarahnya). Report membahas jenis/fenomena secara UMUM, hampir selalu present tense.
