Camping at school.

Last Saturday, my classmates and I camped at school. We did cocurricular activities. We arrived at three in the afternoon. First, we put up our tents on the school field. Next, we played games with our teachers. After that, we cooked rice and eggs for dinner. We ate together near our tents. At night, we made fire camp. We sang songs and listened to stories. We did not watch television. Then, we went to sleep at ten. The next morning, we cleaned the field and packed our bags. Finally, we went home at eight. I felt tired but happy because I enjoyed the camping activities with my friends.

1 Sequencing Activities!

Rearrange the following activities based on the text above. Drag and drop the sentence to the right place.

We cooked rice and eggs for dinner

We cleaned the field and packed our bag

We put up our tents on the school field
