

YEAR 6 ENGLISH PRACTICE WORKSHEET

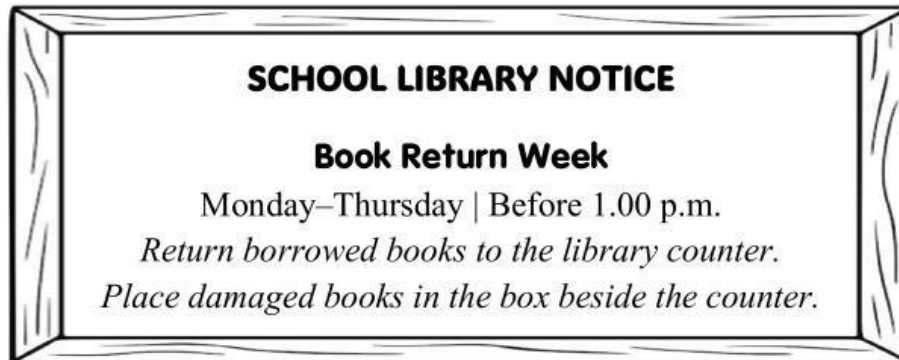

UASA-style practice

Name: _____ Class: _____

Instructions: Answer all questions

PART 1

Questions 1 to 5. Read each text carefully. Choose the correct answer A, B or C.

1. What should pupils do if their borrowed books are damaged?

- A. Keep them in their bags.
- B. Put them in the box beside the counter.
- C. Leave them in their classrooms.

2. Where can pupils most likely buy a fruit cup?

- A. At the school office.
- B. At the school canteen.
- C. At the science laboratory.

Aina: I read about Mr. Lim, who repairs bicycles for children in his neighbourhood.

Farid: That is kind of him. Why does he do it?

Aina: He wants children to travel safely and enjoy cycling.

3. Why does Mr. Lim repair bicycles for children?

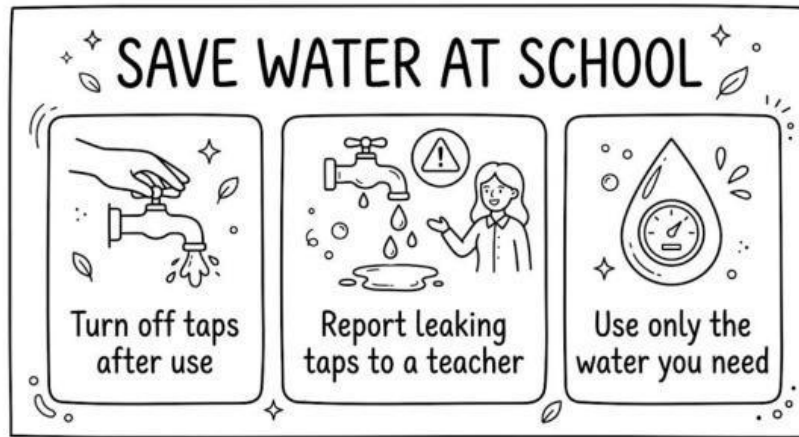

- A. He wants them to travel safely.
- B. He wants to sell them new bicycles.
- C. He wants them to stop playing outdoors.

4. Mei Ling is bringing a clean, old-school uniform to school.

What is the most likely reason?

- A. She wants to donate it to the recycling factory.
- B. She wants to wear it at school.
- C. She wants to exchange it for a library book.

5. What is the main purpose of this poster?
- A. To explain how to clean a classroom.
 - B. To encourage pupils to save water.
 - C. To tell pupils where to find drinking water.

PART 2

Questions 6 to 9. Read the text and choose the correct word for each blank.

A Visit to the Science Centre

Last Friday, our class went to the science centre. We travelled there (6) _____ bus. Our guide spoke slowly (7) _____ everyone could understand the instructions. A small robot (8) _____ shown to us during the demonstration. After the visit, we (9) _____ our notes in class.

- | | | |
|---------------|--------------|--------------|
| 6. A. by | B. on | C. at |
| 7. A. so that | B. although | C. until |
| 8. A. is | B. was | C. were |
| 9. A. discuss | B. discusses | C. discussed |

PART 3

Questions 10 to 14. Read the passage carefully. Choose the correct answer A, B or C.

A Greener School

Many schools are finding simple ways to protect the environment. At Greenfield School, pupils bring reusable water bottles instead of buying drinks in plastic bottles. They also put paper, cans and plastic containers into separate recycling bins.

Every Wednesday, a group of pupils looks after the school garden. They water the plants and remove weeds. The vegetables grown in the garden are sometimes used by the school canteen. This helps pupils understand where food comes from and why plants are important.

The school encourages everyone to make small changes every day. Pupils can switch off lights when they leave a room and use both sides of a sheet of paper. These habits may seem small, but together they can reduce waste and save resources.

10. Why do pupils bring reusable water bottles?
 - A. To reduce the use of plastic bottles.
 - B. To water the school garden.
 - C. To make their bags heavier.
11. Which items are put into separate recycling bins?
 - A. Only vegetables.
 - B. Paper, cans and plastic containers.
 - C. Food from the canteen.
12. What is the benefit of pupils working in the school garden?
 - A. It helps them understand where food comes from.
 - B. It allows them to skip their regular classes.
 - C. It makes the garden plants grow overnight.
13. Which is recommended by the school to reduce waste and save resources?
 - A. Switching off lights when leaving a room and using both sides of a paper.
 - B. Selling vegetables to other schools.
 - C. Buying bottled drinks every Wednesday.
14. What is the main message of the passage?
 - A. Only gardeners can protect the environment.
 - B. Small daily actions can help reduce waste and save resources.
 - C. Schools should stop using paper completely.

PART 4

Questions 15 to 20. Read about the three pupils and their hobbies. Choose the pupil (A, B or C) who fits each description.

A. Nadia and Photography

Nadia enjoys taking photographs of birds and flowers. She uses a digital camera and edits her pictures on a laptop. Last month, one of her nature photographs won a prize in a school competition. She usually goes to the park with her father on Sunday mornings.

B. Harith and Cooking

Harith likes preparing simple meals with his grandmother. He follows recipes carefully and enjoys making vegetable soup and pancakes. He hopes to join a cooking club next term. At weekends, he helps his family prepare lunch.

C. Jason and Cycling

Jason cycles around his neighbourhood to keep fit. He wears a helmet and checks his brakes before every ride. He joined a cycling team this year and trains with them every Saturday. His dream is to take part in a long-distance cycling event.

Write A, B or C for each statement.

15. This person edits pictures using a computer. Answer: _____
16. This person hopes to join a club related to a hobby. Answer: _____
17. This person checks safety equipment before an activity. Answer: _____
18. This person spends time preparing food with a family member. Answer: _____
19. This person has won a school competition. Answer: _____
20. This person trains with a team at the weekend. Answer: _____
