

How are living things classified?

1 **READ** the table about the kingdoms of living things. **TICK**.

They are multicellular.

They are unicellular.

They are heterotrophs
(they need food from other
living things).

Animals	Plants	Fungi	Protoctists	Bacteria
☐	☐	☐	☐	☐
☐	☐	☐	☐	☐
☐	☐	☐	☐	☐

2 **READ** and **COMPLETE** the table about the kingdoms.

Kingdom	Type of organisms	Nutrition
animals		
fungi		
plants		
bacteria		
protoctists (algae)		

3 **COMPLETE** a fungus and a plant.
