PART V. READING COMPREHENSION 1

Read the passage and choose the correct answers.

In modern society, leisure activities play a crucial role in teenagers' physical and mental development. Instead of studying all day, young people need time to relax and recharge their batteries. One of the most popular activities among teenagers is surfing the internet. They can spend hours watching cartoons, chatting with friends, or keeping in touch with relatives who live far away. While this is relaxing, spending too much time online can be harmful to their eyes and physical health. Therefore, parents always encourage their children to limit their screen time and participate in more active hobbies.

A better way to spend free time is to engage in outdoor activities. Many teenagers love playing team sports like volleyball or joining a judo club. These activities are completely beneficial because they not only strengthen muscles but also improve social skills. For those who prefer peaceful hobbies, doing DIY or cooking are great choices. Following a recipe to make a pudding or folding paper flowers requires cleverness and creativity. In conclusion, teenagers should balance their time between studying and relaxing. Choosing the right leisure activities will help them stay healthy, happy, and develop comprehensively in the future.

Decide whether the following statements are True (T) or False (F).

65. Teenagers can keep in touch with relatives by surfing the internet. _____

66. Spending too much time online is good for physical health. _____

67. Playing volleyball can help teenagers improve their social skills. _____
