SAFE CYCLING

Many children enjoy riding their bicycles in the park or around their neighbourhood. Cycling is a fun way to exercise and stay healthy. However, everyone should follow road safety rules to stay safe.

Before riding a bicycle, children should wear a helmet to protect their heads. They should also check that their bicycle is in good condition. When riding, they must obey traffic lights and road signs. They should always look left and right before crossing a road.

Good cyclists also care about other people. They should ride slowly near schools and parks because many children are walking or playing there. By following these safety rules, everyone can enjoy cycling safely.
