ENGLISH FOR THE MINING INDUSTRY

B: PUT THE WORDS AND PHRASES IN THE CORRECT PLACE:

coal

steel

power plants

precious

fertilizers

agriculture

construction

circuits

"Welcome to Jackson Mining Company! You are part of an important team. Together, we improve lives and industries. For example, we supply (1) _____ with fossil fuels. We mine (2) _____ that generates electricity for homes and businesses. And we mine for metals as well. They become (3) _____ for manufacturing and (4) _____. But that's not all. We also improve (5) _____. Many minerals make excellent (6) _____. So Jackson Mining even helps farmers. Finally, we improve people's lives. We mine for many precious stones and (7) _____ metals. Those products become valued gifts and important components of electrical (8) _____. So remember, you're not just mining, you're improving the world."
