

I've been _____ about this lately
It might sound crazy but I surely cannot help
This aching _____, this feeling's alive
It opened my eyes to the wonders like
Every morning _____ a choice
To stay down or find the beauty above the noise
Maybe it's time to _____ this out
And realize this is worth fighting for
Everyone's got a _____
Every word has a purpose
_____ 's got a message
Every word has a purpose
You gotta _____ your life
Knowing that
You are here
To be _____
You gotta live your life
Knowing that
You are here
To be light
Last night I _____ sleep at all
Thinking about it, I've come to a realization
That maybe, oh maybe it's a _____ for something _____
Everyone's got a message
Every word has a purpose
Everyone's got a message
Every word has a purpose
Come on!
You gotta live your life
_____ that
You are _____
To be light
You _____ live your life
Knowing that
You are here
To be light
That's where you'll find me
