

ДОМАШНЯЯ РАБОТА

another / other / others / the others · Past Simple · when, as soon as, after · лишнее слово · relative pronouns

1. another, other, the other, others или the others?

Сначала посмотри, есть ли после пропуска существительное. Потом — одно оно или много и знаем ли мы всю группу.

Как выбрать за три секунды

1. После пропуска ЕСТЬ существительное?

another + одно (ещё один): *another cup* **other** + много: *other books* **the other** + второй из двух или все остальные: *the other door*

2. Существительного НЕТ — слово стоит само за себя?

others = «какие-то другие», группа открытая: *Some like tea, others like coffee.*

the others = «ВСЕ ОСТАЛЬНЫЕ» из известной группы: *Two boys stayed, the others went home.*

Проверка: можно сказать «все остальные» → **the others**. Можно сказать «а другие» → **others**.

when, as soon as, after — чем они отличаются

when — «когда»: просто момент или обстановка. Если в одной части **was / were + -ing** или состояние (was dark, was asleep) — это точно **when**.

as soon as — «как только»: второе действие случилось МГНОВЕННО, как реакция. Подставляется «и тут же».

after — «после того как»: между событиями есть промежуток, просто следующий пункт по порядку. Подставляется «потом».

И отдельно: **until** — «пока НЕ» (ждём конца), **then** — «затем» (следующий шаг, запятая перед ним).

as soon as · when · after · until · then · used to
