A nature fair

I missed a 3-day event organised by the Recycle Club in February due to not feeling well. However, not long after that, I got to know there would be a 4-day Nature Fair held by the Environment Club. It was at the Teko Park, which was opposite of the Duroh Park. It would be more exciting this time because two other schools were invited. SMK Tekun was able to join but SMK Bulan turned down the invitation.

Visitors had to buy tickets for RM5 to join the fair last year. This year it was only RM3. At the fair, there were many activities for children and adults such as bird shows and learning how to plant flowers. My sister and I enjoyed all the activities except for bird watching. I also won a lunch box for joining the drawing competition. I bought a mug as a gift for myself.

Actually, I wanted to learn about growing local fruits. Mr. Azmi, a farmer, could not come and was replaced by Mrs Fina, a chef. She taught us about healthy cooking. I really enjoyed it.
