Exam task

For each question, choose the correct answer. Read the three texts carefully. For questions 1–7, choose A, B or C. Each question has only one correct answer.

The people

A MAYA

There are six people in my family, and I really enjoy living with them. My mum's parents live in the countryside, so I only see them in the summer. My friend Emma lives next door, and we often do our homework together. I share a bedroom with my younger sister. She sometimes helps me with my French homework, and I help her with maths. I think a big family is great because there is always someone to talk to.

B JACK

I live with my mum, dad and my older brother. We have separate bedrooms, but my brother and I often play computer games together. My aunt and uncle live in the same street, and their son is my cousin. He visits us every weekend. My grandfather lives with us, too. I like having a big family because we can do lots of things together, especially at weekends.

C OLIVIA

My family is quite small. I live with my mum and my grandmother, and I have one younger brother. We share a house, but my brother and I have our own bedrooms. My aunt lives in Australia, so we usually talk online. I often help my grandmother in the garden, and she tells me stories about when she was young. I like spending time with her because she is funny and kind.
