

Cell Organelles

Label the organelles in the plant and animal cells.

Choose the organelles from the list below and write the name in the correct blank. — = found in both plant and animal cells

----- = found only in plant cells

----- = found only in animal cells

1. Cell membrane

2. Cell wall

3. Nucleus

4. Mitochondria

5. Ribosome

6. Smooth endoplasmic reticulum

7. Chloroplast

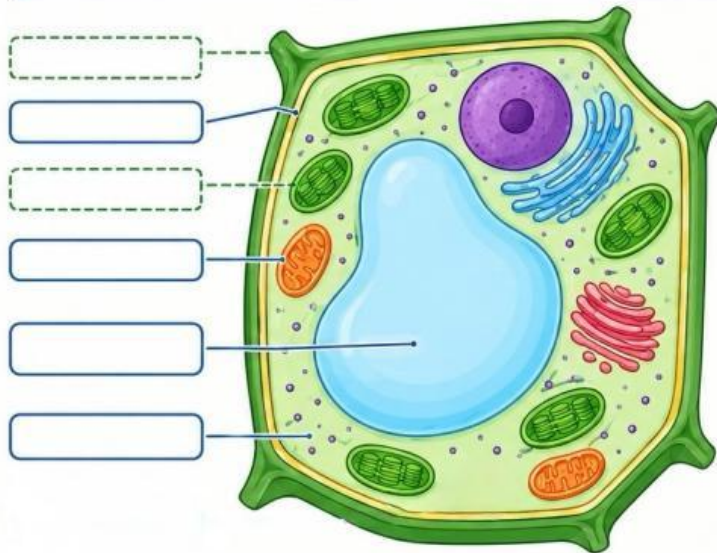

8. Golgi complex

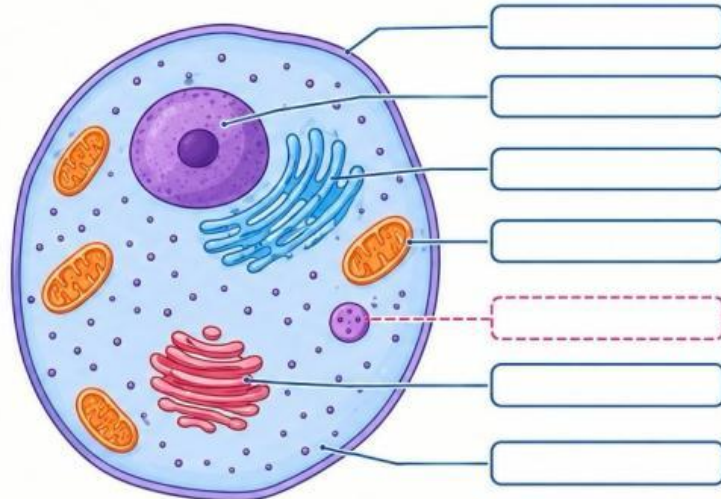

9. Vacuole

10. Lysosome

Plant cell
