

THE MIRACULOUS TEAM AND THEIR OBJECTS

Hello! My name is Marinette, and I am a student at Françoise Dupont School. I have a special yo-yo. This yo-yo is mine, and it is very important for my mission as Ladybug.

My friend Adrien is also a student. He has a magical ring. The ring is his, and it helps him become Cat Noir.

Alya is my best friend. She has a pair of glasses. These glasses are hers. She loves taking pictures and discovering secrets.

Nino is Adrien's best friend. He has a notebook, and the notebook is his. He also has some books with Alya. The books are theirs.

We are a special team. Our mission is important, and our classroom is ours. We help each other because we are good friends.

Now, look at your school objects. Is this pencil yours? Is that notebook yours, too?

Remember: mine, yours, his, hers, ours, and theirs help us talk about possession. Use your powers and help the Miraculous team protect Paris!
