THE MISSING MIRACULOUS OBJECT

Hello! Welcome to the world of Miraculous!

Marinette and Adrien **are** students at Françoise Dupont School. They **are** good friends, and they **are** secret superheroes. Marinette **is** Ladybug, and Adrien **is** Cat Noir.

Today, a special object **is** missing. Ladybug's yo-yo **is** on the table, but Cat Noir's magical ring **is** not there. Ladybug says, “This yo-yo is **mine**, but the ring is **his**.”

Cat Noir looks **under** the table, **behind** the door, and **next to** the window. The ring is not in any of these places. Then, he sees a small box **between** two chairs. The box **is** black, and it **is** very mysterious.

Ladybug opens the box. Inside, there are two notebooks. One notebook belongs to Marinette, and the other belongs to Adrien. Marinette says, “This notebook is **mine!**” Adrien answers, “And this notebook is **his!**” They are happy because they have found their belongings.

Suddenly, Alya and Nino arrive. Alya's glasses **are on** the desk, and Nino's backpack **is under** the chair. Alya says, “These glasses are **hers,**” pointing to her own glasses. Nino smiles and says, “This backpack is **mine!**”

Finally, all the objects are in the correct places. The heroes **are** happy because everything is safe. The mission is complete!

Remember: **Verb to be** describes people and things, **possessive pronouns** show ownership, and **prepositions of place** tell us where objects are.
