Life and Style

We ask you to send us a photo and tell us about your home.
This week Alex from New York answers our questions.

1) _____

I live with my parents and my brother in Brooklyn. We've got a big old house. You don't find houses like this in Manhattan. It's a great location, near the centre of the city.

2) _____

There are four bedrooms, two bathrooms, a big living room and a dining room. There isn't a separate kitchen. That's typical in the US. There's one big room with a sofa and chairs and a TV. We call it the family room. The kitchen is open to the living room.

3) _____

My bedroom of course! It's got everything I need. There is a bed with a small table next to it. There's a wardrobe behind the door. There's a chest of drawers with a mirror above it.

4) _____

There's also a shelf. I'm quite tidy but there are always lots of things on the chest of drawers and on the shelf. There aren't a lot of shelves, that's my excuse! There's a chair in front of the bed. There are usually a lot of clothes on the chair and trainers under the bed! I'm a fan of all types of film so there are posters of my favourite films on the walls.

5) _____

I do my homework, surf the Internet and chat online. I listen to music and play the guitar.
I've got all my things here. I've got my music and my computer. And I'm lucky because I don't share a room with my sister. This is my space!

2) Read the article again and match the questions with the correct paragraph.

a) Which is your favourite room?
b) How many rooms are there?
c) What do you like about your room?
d) Where do you live?
e) What do you do in your room?
