Don't buy! ☆★★★★

I bought these wireless headphones to use with my phone. I wanted a simple product which would be **1** easy to use. I've had products from this company before, and I thought they were **2** i_____ , new and different. Well, I was wrong! These are the problems I have had with them:

- They are **3** b_____ , and the color is already coming off.
- The sound is terrible because they are cheap and **4** l_____ .
- They are totally **5** i_____ because they are too heavy and fall off my head.
- They are very **6** h_____ . I had to read the instructions three times to understand how to use them.
- They are **7** u_____ . Sometimes they work, and sometimes they don't!

Don't buy these headphones – don't waste your money!
