Keep Our School Clean

Card A

A clean school environment makes students feel comfortable and healthy. It also helps students concentrate better during lessons. Moreover, keeping the school clean can prevent unpleasant smells and the spread of diseases.

Card B

Therefore, all students should take responsibility for keeping their school clean. They should throw rubbish into trash bins, clean their classrooms, and participate in school cleaning activities.

Card C

Keeping our school clean is very important. Unfortunately, some students still throw rubbish carelessly and leave their classrooms dirty after lessons. This situation makes the school environment uncomfortable.

Card D

First, rubbish scattered around the school can attract insects and cause health problems. Second, dirty classrooms can disturb students' learning activities. A clean environment also teaches students to become more responsible.
