3.4 Do plants need water to grow?

1. Complete the sentences with the words/phrases in the box.

find out water conclusion test fair test plants

Dear Samir,

I hope you feel better. Here at school the teacher says that we will _____ if plants need _____ to grow.

First, we will plan the _____. We will think about what we need and describe what we will do. We'll take two same _____ and water only one plant for some time.

We'll also talk about how we can make it a _____. Everything must be the same for both plants, and only the water must be different.

We will observe the plants and, after some days, we will write our _____.

I hope you can come back to school soon.

Best wishes,

Enzo
