I'm scared of what you might .....

Yeah, I'm scared of being .....

So, I'm prepared to talk it out

But you say I work too much

I was scared of going ..... in 20-1-8

That was after all the ..... and the fame

Goin' back to how it was, the shit'll be a shame

Let me ....., I been textin', callin'

You've been thinkin', solvin'

I've been sinking, fallin'

Down here deep and callin' out

Takin' it back, back to the year, ...you was like 21

Candle blowin', big yacht charter, thinkin' I ..... like 21

Scared of the ....., when they gon' take that from me? Still, I put up a front

Scared of my thoughts, lookin' at my plaques like, "Damn, I guess I'm one and done"

But I do know, do know I .....my motivation

Straight from you

'Cause I do know
