Swans

Swans are the largest water birds Example ...in... the world. You often see wild swans on lakes or rivers. Most swans are white, but you can 1 ..... see black swans in some countries.

Swans look lovely but be careful if one 2 ..... really near to you. If a swan 3 suddenly ..... frightened, it will try to fly away and might hurt you. Swans have really strong wings!

Their necks are 4 ..... than any other birds' necks because they use them to help find food in the water. In a river 5 ..... are lots of plants and insects for swans to eat!

Swans live together in pairs or families. Young swans don't usually leave their parents 6 ..... the next new babies join the family.

Some swans don't like winter weather so when it starts getting colder, 7 ..... wonderful birds begin the long journey 8 ..... warmer environments.

Wild swans usually live for about twenty years but swans 9 ..... live in places like zoos 10 ..... live for fifty years!
