I LOVE LEARNING 6 UNIT 05 VOCABULARY

Environmental Words: **Drag the words to each coresponding image**

Exercise 01: Match each Word to its correct description.

1. Weather	Things like coal and oil that we burn for energy, causing global warming. _____
2. Pollution	To clean or remove trash from a park, river, or public space. _____
3. Forest fire	Vapours in the atmosphere that trap heat and make the planet warmer. _____

LIVEWORKSHEETS

4. Climate change	What we see and feel every day outside, like rain, sun, or wind. ___
5. Cleaning up	A large, dangerous fire burning in a forest or nature reserve. ___
6. Greenhouse gases	When the usual weather and temperature of the whole planet change slowly over time. ___
7. Fossil fuels	When air, water, or land becomes dirty and harmful to nature. ___
8. Melting	When solid ice or glaciers turn into water because of high temperatures. ____

Exercise 2: Match the Word to the definition (drag and drop)

RISE	FOREST FIRE	wEATHER	MELTING	POLLUTION

- **A.** When ice turns into water. ____
- **B.** The daily atmospheric conditions outside (rainy, sunny, cold). ____
- **C.** A destructive, large fire in the trees and woods. ____
- **D.** To go up or increase, like the level of the oceans. ____
- **E.** Dirty waste or chemicals that harm the air, water, and land. ____

Exercise 3: Choose the correct option (use the Words from exercise 01)

1. Burning _____ _____ like coal and oil releases harmful gases into the air.
2. The daily _____ can change quickly from sunny to rainy in just a few hours.
3. Factories and cars create a lot of _____ in big cities, making the air dirty.
4. A big _____is extremely dangerous for the animals and trees in the mountains.
5. _____affects the whole Earth, changing average global temperatures.
6. We must work together on _____ nature and saving endangered animals.
7. Thick _____trap heat in the atmosphere, causing global warming.

LIVEWORKSHEETS

8. Glaciers are _____ very fast because the temperature of the planet is rising.

True or False?

Exercise 4: Read the sentences about the environment. Write T (True) or F (False). If it is false, try to correct it!

1. _____ **Weather** is what we see and feel every day outside, like rain, sun, or wind.
2. _____ A **forest fire** is a safe, small campfire used to cook marshmallows in the park.
3. _____ **Pollution** makes the air, water, and land dirty and unhealthy for living things.
4. _____ **Climate change** means the average temperature and weather of the whole planet are changing slowly over time.
5. _____ **Protecting** nature means throwing more plastic trash into the rivers and forests.

The "Odd One Out"

Exercise 5: Circle the word that does NOT belong in the group

1. **Weather - Pollution - Forest fire - Computer**
   - Odd one out: _____.
2. **Protecting - Helping - Cleaning up - Hiding**
   - Odd one out: _____.
3. **Gases - Factories - Trash - Trees**
   - Odd one out: _____.

Exercise 6: Match each word to its correct definition by writing the number in the correct box.

Words:

1. **RECYCLING**
2. **GASES**
3. **FACTORIES**
4. **TRASH**

LIVEWORKSHEETS

5. **BOTTLES**

6. **DIRTY WATER**

7. **POLLUTION**

8. **CUTTING DOWN TREES**

9. **PLANTING TREES**

- (___) Plastic containers for drinks that often end up in the ocean.
- (___) Large industrial buildings that produce smoke and items.
- (___) Putting young trees in the ground to create green spaces.
- (___) Harmful fumes or air pollution released by cars and industry.
- (___) Garbage and waste that we throw away every day.
- (___) The general damage caused to the environment (air, water, and land).
- (___) Turning old materials (like plastic or paper) into new things.
- (___) Destroying forests by removing woods with tools.
- (___) Unclean liquid with waste or chemicals in rivers and lakes.

Categorize (Good vs. Bad for the Planet)

Exercise 7: Look at the two categories below. Put each of the nine words into the correct group: Harmful for the Earth ☹ or Helpful for the Earth ☺.

Word Bank: *recycling — gases — factories — trash — bottles — dirty water — pollution — cutting down trees — planting trees*

HARMFUL FOR THE EARTH ☹	*HELPFUL FOR THE EARTH ☺*

LIVEWORKSHEETS

Complete the Environmental Report

Exercise 8: Read the short report about our planet and complete the blanks using the words from the box. You will use all nine words!

Word Bank: *recycling — gases — factories — trash — bottles — dirty water — pollution — cutting down trees — planting trees*

Our planet has many serious problems today. When large (1) _____ release harmful (2) _____ into the air, it causes severe (3) _____. On the ground, people leave too much (4) _____ everywhere, including single-use plastic (5) _____ that harm animals. In our rivers, industrial waste creates (6) _____ that kills fish. Furthermore, people are destroying forests by (7) _____.

However, we can help! We must start (8) _____ our waste and work together by (9) _____ to protect nature.
