A Busy Evening at Home

Usually, Tuesday nights at the Rivera house are quiet and simple. Elena finishes her work at 5:00 PM. Her husband, Carlos, cooks dinner while their two kids do their homework at the kitchen table. After they eat, they wash the dishes together and watch a show on TV.

Tonight, things are very different. It is 6:30 PM, and the house is loud and busy. Elena is sitting at the table with her computer because she is finishing an important report for work. Carlos isn't cooking dinner tonight; he is fixing a broken water pipe under the kitchen sink. Their daughter, Maya, is practicing the piano in the living room, and their son is looking around the house for his lost soccer shoes. Nobody is eating dinner yet, and the dog is barking at the front door because a driver is bringing three hot pizzas!
