An adventure at the beach by Ben

1 It was a sunny day. The sky was blue, children were playing on the beach and people were swimming in the sea. I was in Whitesands, the town where my mum and dad lived. Nothing exciting usually happens there.

2 That day was different. It started the same as every day. I got up, had my breakfast, walked to the paper shop and bought the local paper. Then I sat on the sand and opened the newspaper.

3 I was reading a story about a problem at our local zoo, when I heard a noise. I looked up and I saw the problem. It was a baby lion cub! I was a bit scared. But I like cats, and I know they like playing with things that move. I made a ball with my newspaper and threw it at the cub.

4 He was playing with the ball when the zoo keepers arrived. They caught him and took him back to his mum. I went to the shop and bought another paper!

Read again and answer the questions.
