Space Tourism

Harry Lee is a space tourist. He is going on a three-month space mission.

Interviewer: Three months is a long time. What will you do if you miss your family?

Harry: If I miss them, I'll call or email. There are lots of ways to communicate in space.

Interviewer: What about food? If you don't like the food, will it be a problem?

Harry: Yes, it will. If I don't eat, I'll be hungry! But space food is good.

Interviewer: What will happen if you are sick?

Harry: That's a good question! If I'm sick, I'll call a doctor on Earth and I will ask for advice.

Interviewer: And what about at night? You won't enjoy the trip if you can't sleep.

Harry: I'll count the stars if I can't sleep. There are millions of them.
