KAHOOT

WHY

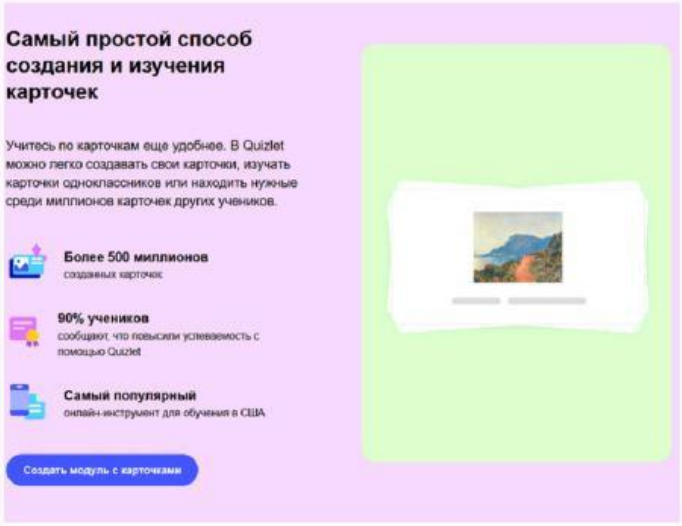

We need **Kahoot!** because it transforms traditional, passive listening into an active, game-based learning experience that instantly drives engagement, improves knowledge retention, and provides real-time data for instructors. By turning quizzes into friendly, fast-paced competitions, it leverages the science of play to make learning stick. [1, 2, 3, 4]

HOW

To use Kahoot!, you only need a **host** (who shares the game screen) and **players** (who answer on their own devices).
