

Losing things

1 Put the conversation in order.

- JACK What did you lose?
- JACK So what did you do? Did you find it?
- JACK What?! That's not losing something – that's just a story about being untidy!
- JACK Have you ever lost anything really important?
- JACK How did you find it? Where was it?
- JACK That's terrible! How did you feel?
- DANA My mobile phone. It wasn't expensive, but it had all my friends' numbers on it.
- DANA Well, I got my mum's phone and I rang my number. I heard it ringing. It was somewhere in my bedroom. I looked in the wardrobe. It wasn't there. Then I looked under the bed and there it was.
- DANA Horrible. It was like losing my whole life.
- DANA Yes, I have.
- DANA Yes, happily, I did.
