

I'll Stay

Isabela Merced

[Verse 1]

My feet are _____ from walking all
night long
No direction when there's nowhere to go
Empty picture frames of times all

Lonely echoes of the stories we've told

[Pre-Chorus]

If you put on my shoes, walk a mile or

'Til your eyes open wider than they used to
Then I will meet you _____ where the
air is clear
Pinky swear I'll meet you there

[Chorus]

And I'll stay with you, I see new colors
And I'll stay today until forever
And I'll stay with you, I see new colors
My eyes are open wider today until forever
I'll stay with you

[Verse 2]

Familiar faces as we _____ the moon
Fall in love and I'll come _____ to you
Through the changes and the Earth's bad

I'll lay my troubled bones on you

[Pre-Chorus]

If you put on my shoes, walk a mile or

'Til your eyes open wider than they used to
Then I will meet you _____, where the
air is clear

Pinky swear I'll meet you there

[Chorus] **Match the items**

And I'll stay with you with you I see new colors

And I'll stay _____ wider today until forever
And I'll stay _____ today until forever
My eyes are open _____ I see new colors
I'll stay with you

[Bridge]

(Ah, ah aaah, aaaah)
I'll stay with you
(Ah, ah aaah, aaaah)

[Chorus]

And I'll stay with you, I see new colors
And I'll stay today until forever
And I'll stay with you, I see new colors
My eyes are open wider today until forever

[Bridge]

(Ah, ah aaah, aaaah)
I'll stay with you
(Ah, ah aaah,
aaaah)
Oooh, woah, woah,
woah
My eyes are open
wider
Tonight

[Outro]

When I'm a hundred two, and I _____
sing to you
_____ your eyes, memorize how I
used to
