1. Bears all over the world
2. Mosquitoes
3. Box jelly fish
4. Dangerous hippos
5. Crocodiles
6. Fast and dangerous sharks

- A. In cartoons, these animals are usually slow, happy and funny. But real animals are very aggressive and more dangerous than lions and tiger. But they can run very fast and swim well, and they don't like people. They kill more people in Africa than any other animal.

- B. When people think of dangerous animals in the sea, they usually think of sharks. The most dangerous sea animal isn't very big. It's a very small sea animal. The body of this sea animal is about 20 centimeters long. It swims in the seas around Australia from October to April. When they are there, nobody goes swimming.
- C. The animal with the most dangerous bite isn't a snake or a lion. It's an insect and you can find it all over the world. They give malaria to over 300 million people every year, and about three million people die.
- D. It is one of the most dangerous animals in the world. These animals kill hundreds of people in Africa and Asia every year. They live near rivers. They are very aggressive and dangerous. Their legs are very short but they can run quickly and swim very fast too.
- E. They are mammals. They live on the continents of North America, South America, Europe and Asia. They have large bodies with stocky legs, paws with five claws, and short tails.
