

Tag Questions, You speak English, *don't you?*

PART ONE

A tag question is a special construction in English. It is a statement followed by a mini-question. The whole sentence is a "tag question", and the mini-question at the end is called a "question tag".

The basic structure is:

Statement	question tag
+	-
Positive statement,	negative tag?
Snow is white,	isn't it?
-	+
Negative statement,	positive tag?
You don't like me,	do you?

Notice that the question tag repeats the auxiliary verb (or main verb when *be*) from the statement and changes it to negative or positive.
