## Be/Get used to - Used to - Would

- Be/Get used to + -ing form/noun/pronoun (= be/get accustomed to, be in the habit of) expresses habitual actions.
   He isn't used to driving on the left. He got used to the noise pollution.
- Used to expresses past habitual actions. He used to play football more when he was 20.
- Would expresses past repeated actions and routines but not states. When she was 15, she would go swimming every day
  for an hour. (also: she used to go) Stative verbs are not used with "would". He used to live in London. (NOT: he would live)
