Question Paper

Mathematics

Stage 5

Complete Name

READ THESE INSTRUCTIONS FIRST

Answer all questions in the spaces provided on the question paper.

The number of marks is given in brackets [] at the end of each question or part question

1. Add mentally .

Write the method you have used on your note book then submit.

$$1998 + 789 = \text{[]}$$

Click here to submit your method.

2. Subtract mentally.

Write the method you have used on your note book then submit.

$$5379 - 1586 = \text{[]}$$

Click here to submit your method.

3. Find the sum of 3692 and 2581.

Write the method you have used.

[]

Click here to submit your method.

4. Find the difference between 2435 and 748.

Write the method you have used.

[]

Click here to submit your method.

5. Write the missing numbers.

$$\begin{aligned} 486 \times 9 &= \text{[]} \times 9 + \text{[]} \times 9 + \text{[]} \times 9 \\ &= \text{[]} + \text{[]} + \text{[]} \\ &= \text{[]} \end{aligned}$$

6. Order the numbers below

- a. From smallest to largest.

$-7, 8, 0, -9 \rightarrow$ _____, _____, _____, _____
smallest
