Rafael is a 16-year-old boy from Spain. He loves sports, and his dream is to become a professional soccer player. He has a very busy routine because he is part of his school's soccer team. They are competing in the national championship, so they have to practice a lot.

Rafael wakes up every day at 6 a.m. and has breakfast. He goes to school by bike and studies until 3 p.m. When school is finished, all the members of the team go to the library and do homework together. On Mondays and Wednesdays, they practice for two hours, and on Tuesdays and Thursdays, they practice for three hours. Rafael also studies English twice a week. He thinks that learning the language can help him in the future because he really wants to play in England.

They are in the championship season now, so the matches happen every Saturday. On Fridays, the whole team rests. They usually get together to play video games and relax. In his free time, Rafael enjoys staying with his family. Watching movies and playing board games are some of his favorite activities.
