

Modal verbs for suggestions

Select the correct option to complete the ideas correctly, then write the sentences, with the correct option included, in order to make a logical conversation. BE CAREFUL WITH THE SPELLING.

Client: I think I **will / can** buy the treda.

Client: I also have a terrible headache, what **should / will** I take for that?

Client: I **should / will** get a box of aspirins and I **will / can't** see the doctor when I get an appointment, thanks for everything.

Client: Yes, what do you **say / suggest** for an upset stomach?

Clerk: Well you **could / will** take an aspirin, but I really think you **can / should** go to see a doctor.

Clerk: I recommend you to **try / suggest** some pepto bismol or treda.

Clerk: Do you need **one / another** thing?

Clerk: Hello sir, **will / may** I help you?
