

Guía interactiva nº3

Caminando a la división

$6 \times \square = 24$

$7 \times \square = 21$

$9 \times \square = 18$

$4 \times \square = 16$

$10 \times \square = 20$

$3 \times \square = 21$

$6 \times \square = 30$

$5 \times \square = 25$

$8 \times \square = 16$

$7 \times \square = 28$

$9 \times \square = 36$

$8 \times \square = 32$

Divisiones simples

$6 : 2 = \square$

$16 : 2 = \square$

$15 : 3 = \square$

$21 : 3 = \square$

$8 : 4 = \square$

$32 : 4 = \square$

$20 : 5 = \square$

$35 : 5 = \square$

$8 : 2 = \square$

$14 : 2 = \square$

$27 : 3 = \square$

$24 : 3 = \square$

$28 : 4 = \square$

$20 : 4 = \square$

$25 : 5 = \square$

$15 : 5 = \square$

$10 : 2 = \square$

$18 : 2 = \square$

Divisiones con algoritmo

$168 : 3 = \square$

$150 : 2 = \square$

$144 : 4 = \square$

$245 : 5 = \square$

$207 : 3 = \square$

$156 : 2 = \square$

$384 : 4 = \square$

$340 : 5 = \square$
