

Dados los conjuntos:

$$X = \{2; 3; 4; 5\}$$

$$Y = \{4; 6; 8; 9\}$$

$$Z = \{4; 7; 9; 10\}$$

$$W = \{1; 2; 3\}$$

Realiza:

$$X \cup Z = [2, 3, 4, 5, 7, 9, 10]$$

$$Y \cap X = [$$

$$W \cup Y = [$$

$$Z \cap Y = [$$
