**Rewrite the introduction to this composition with the correct punctuation**

It was a typical Monday morning. The sun blazed away while my teacher droned away. "okay class, I would be leaving for a while. Please behave" With that announcement, my teacher Miss Rudy waltzed out of the classroom. Just then, I felt a tap on my shoulder. "Guess what I got" Jia hui, my best friend whispered. She proceeded to whip out something shiny. It was a brand new iPhone. It gleamed under the blaring fluorescent lights of our classroom, attracting everyone's attention. "it cost an arm and leg, guys! luckily, my dad's rich" Jia hui boasted. She was born with a silver spoon in her mouth. Immediately, everyone flocked to her like bees to honey. As her ardent fans circled around her, I was green with envy. "so what do you think?" jia hui enquired. I did not answer her back as I was filled with envy. "how I wish her brand new iphone would break into two!" I muttered under my breath. Little did I know, my awful wish was about to come true!
