

In the wild

Do you catch the bus or tube in the mornings? Lots of people do this to get to work but Nathan Dell doesn't. Nathan doesn't do office work. He works outdoors as a wildlife photographer. He often gets up before dawn, has breakfast then he gets ready to go to work. He doesn't work shifts or even 9 to 5. He hides among trees in the jungle, keeps very still and waits for a chance to photograph an animal. At the end of the day he returns to his camp. After dinner he checks the photographs on his computer. He sometimes works late to send the pictures to the magazine he works for. It's a tiring and dangerous job but Nathan is happy to share the beauty of nature with people all over the world through his photographs.
