

DATABASES

Lesson 3

Activity 1: Watch this short video about database.

Activity 2: Answer these two questions based on what you know.

1. What is a database?

2. What is it for?

3. What database software do you know?

Data processing

Activity 3: Drag and drop the headings in the box to the data processing steps a-f.

data coding

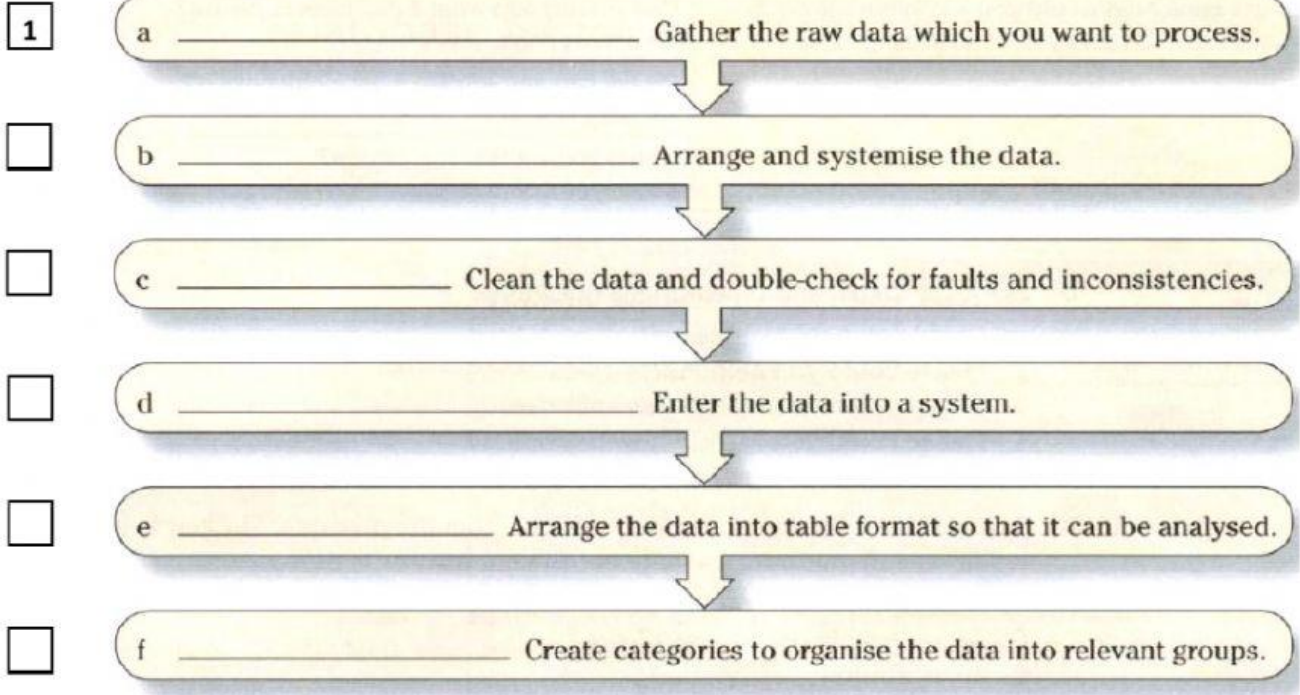

data collection

data entry

data sorting

data tabulation

data validation

Activity 4: Put the data processing steps in the correct order. The first one is done.
(Poner los pasos de procesamiento de datos en el orden correcto. El primero ya está hecho)

Activity 5: Listen and check your answers to activity 3 and 4. (Escuchá el audio y comprobá tus respuestas de las actividades 3 y 4)

Activity 6: Is all the vocabulary clear? If not, which word is difficult to understand for you? (¿Está todo el vocabulario claro? Si no es así, ¿qué palabra te resultó difícil de entender?)
