

Name

Social Bullying

After watching the news report on this topic you will answer a few questions.

1. How do you think that social video releasing can benefit someone?

2. How would you react if a video of this matter is been releases?

3. Did you think that the way the child handle the situation by releasing the video to the public would benefit in her favour?

4. Would you take the same route as the child who took her life because of the video? Explain how you would handle it?

5. What would you say to a child in a situation like this?

6. How can we prevent social bullying? What will be your opinion on preventing social media in any form to take part in such releasing of such materials?

7. Do you think that we as humans and children have the right to stand up for such behavior from the social platforms to release such materials to the social world?
