

A **shape or concrete poem** is a poem that takes the shape of the subject or thing you are writing about. You can choose to rhyme or not. There are two ways to write this poem:

1. You can write the poem **in** the shape/object.

2. You can **arrange** the lines of the poem to form the shape.

Instructions: Select **ONE** object below and type in a shape poem about that chosen object. Use **ONE** stanza.
