$4 \cdot (-12) =$
Will your answer
be positive or negative?

$-50 \div (-10) =$
Will your answer
be positive or negative?

$-8 \cdot 1 =$
Will your answer
be positive or negative?

$-13 \div 1 =$
Will your answer
be positive or negative?

$-12 \cdot (-7) =$
Will your answer
be positive or negative?

$24 \div 6 =$
Will your answer
be positive or negative?

$10 \cdot (-7) =$
Will your answer
be positive or negative?

$-36 \div 4 =$
Will your answer
be positive or negative?

$4 \cdot (-7) =$
Will your answer
be positive or negative?

$-33 \div (-3) =$
Will your answer
be positive or negative?

$-9 \cdot (-7) =$
Will your answer
be positive or negative?

$-12 \div 12 =$
Will your answer
be positive or negative?
