

Unit 7 Listening task.

Student's Book page 144, listening #7.6

a) Listen and complete with the predictions.

Teacher: Ok, everyone. Let's find out your ideas about life in the future. Have you finished your drawings?

Class: Yes.

Teacher: Great. Let's see some of them. Elif, can you show us your drawing, please. What did you draw?

Elif: I drew some flying cars I think cars 1. in the future.

Teacher: Hmm. I see. And will people drive them?

Elif: I don't think so I think cars 2. themselves.
But people will travel in them.

Teacher: And what about you, Ciara?

Ciara: I drew a vacation in space. I think space travel will be easier.
So, people 3. on a vacation in space.

Teacher: Wow! Would you like to travel to space?

Ciara: I'd love to. I want to be an astronaut when I'm older.

Teacher: How interesting! What about you, Asim? Did you draw a picture of space?

Asim: No, I didn't. I drew a beach on planet Earth. I drew a lot of trash because I think there will be more trash in the future. The beaches will be dirty and people 4. in the ocean.

Teacher: Hmm, you could be right. Maybe we all need to think about that. And finally, Harry. What did you draw?

Harry: I drew a school for robots. I think robots 5. to school in the future. They 6. like us. Some robots might even teach us!

Teacher: Hmm. I hope not! That's an interesting idea, Harry. Thank you everyone. What great ideas!

Well done!
