

Risks at Work – Modals of Probability - COULD

It is important to follow safety procedures at work. If you don't, there could be negative consequences. Look at the pictures below. Imagine if the worker was not careful on the job. What **could happen** to them?

Use the following sentence structure: subject + could + get + noun OR;
subject + could + get + past participle

E.g. (a truck driver) - He could get a speeding ticket.

E.g. (an electrician) - She could get shocked.
