

activity 18 \* public vs. private information

**Answers:** Scenarios 1, 4, 6, and 8 are safe. Scenarios 2, 3, 5, 7, 9, and 10 are unsafe.

Let's take a look at the situations that are unsafe in these questions. Can you give advice to a friend who is in each of these situations?

A friend wants to put his number on Facebook. Tell him why this is a bad idea.

---

---

---

A friend asks what your bank password is. Why shouldn't you tell her?

---

---

---

Your friend gets a phone call asking for private information including his Social Security number. He asks you what he should do. What do you tell him?
